

Product specification

| ITEM | Function | |
|----------------------|--------------------------------------|-------------|
| Model | NS-AQM100 | NS-AQM200 |
| SIZE (L×H×W) | 109 X 64 X 30 mm / 200g | |
| DISPLAY | TFT LCD 3.2inch | 3-Color LED |
| KEY | capacitive touch Button | |
| communication method | 2.4GHz WiFi(b/g/n) / Bluetooth 4.0 | |
| DATA | Dust : PM1.0 / PM2.5 / PM10 | |
| | TVOC : IAQ 0~500 | |
| | Temp/Humi : 0°C ~ +60°C / 20%~80% RH | |
| | light sensor: 2Cm ~ 25Cm, ± 45° | |
| POWER | BATTERY / USB Type-C (DC 5V / 1A) | |

Iot Service & AQM

IoT Solution

- ❑ S+Link is a service that provides a platform dedicated to powerful smart devices. By using the S+Link dedicated IoT module, there is no need for a separate platform connection work, so development time can be shortened, and it can be upgraded to a smart device more easily and quickly.

All the IoT environments your company need are ready.
